★ “As the public education system continues to fail in New York and nationwide, it is imperative to find alternatives that educate our children cost-effectively while focusing on the basic elements of learning first and foremost. Catholic school meets this challenge and equally provides an environment that stresses the importance of spirituality, inclusiveness, and compassion for others. The cards I get from my STAR students are among the most cherished things I look forward to receiving. I am very proud to support the STAR Program.”

The mission of Tomorrow's Hope Foundation is to ensure the excellence as well as the continuance of Catholic schools on Long Island by increasing awareness and by providing scholarship and program funding for the needs of students and schools.

Tomorrow's Hope Foundation was founded in 2005 by Lewis S. Ranieri. Mr. Ranieri wanted to make Catholic education a possibility for all children.

STUDENT TUITION ASSISTANCE RELATIONSHIP PROGRAM

★ BE A STAR TO A STUDENT ★

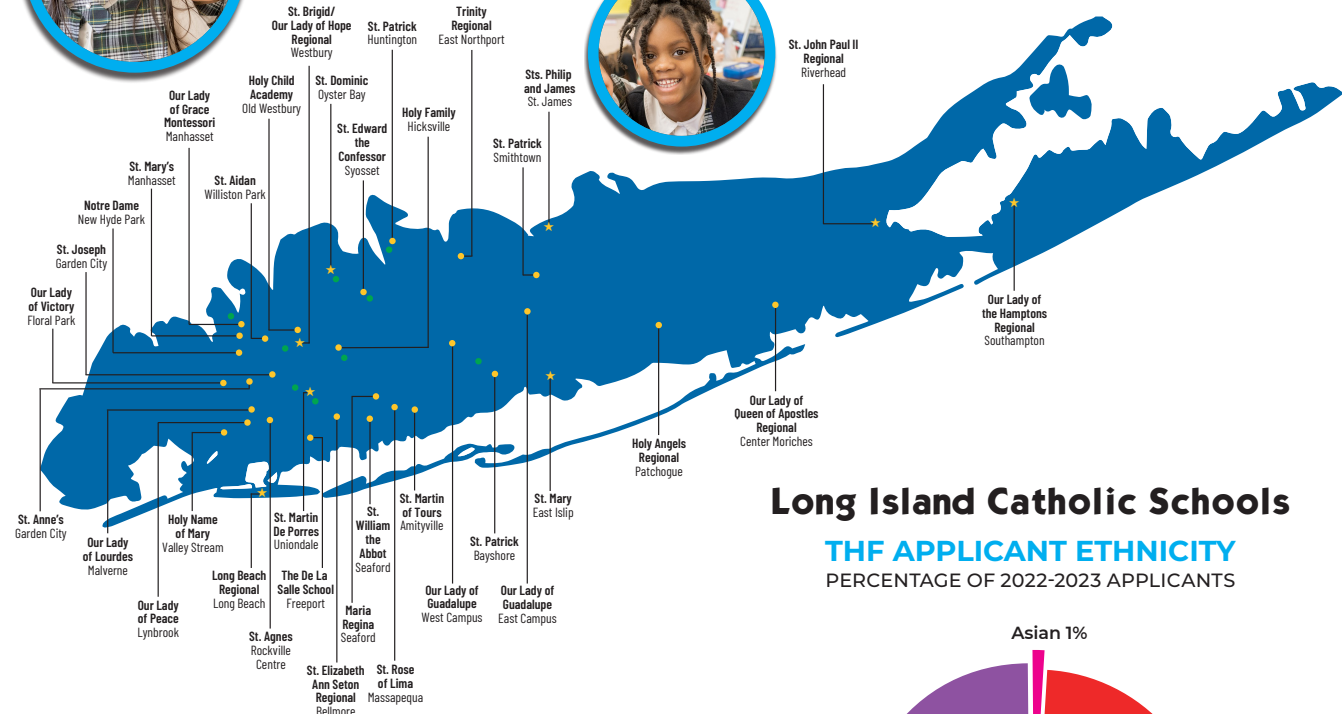

The Student Tuition Assistance Relationship (STAR) Program matches students in need of tuition assistance with a generous donor – a STAR who contributes tuition assistance of \$3,000 a year.

Tuition varies across our network of 35 Catholic elementary schools, and this program is intended to fund nearly half of the student's tuition and that any monies left over from the contribution will be placed in our Tuition Assistance Fund. The current average tuition for the first child is \$7,300. The parent/guardian contributed the remainder of the tuition. THF's STAR students demonstrate the highest need among our applicants.
