## A Message From Our Chairman

On behalf of the Board of Trustees, the staff and I join together in gratitude for your tremendous support throughout the year. It is your generosity during the 2015-2016 academic year that has allowed Tomorrow's Hope to once again award nearly \$2 million in tuition assistance to nearly 2,000 students within the Diocese of Rockville Centre, over 500 of whom are new scholarship families. Thank you for mirroring our belief that every parent should have a choice and every child a chance for a better life by offering the opportunity for a value-based education for families in need.

In an effort to further extend our reach, we joined forces with Telecare in 2015 to create a dynamic series of television programs focused around Catholic education on Long Island and the vital assistance Tomorrow's Hope provides. The series, entitled "Tomorrow's Hope," is hosted by our very own Bernadette Castro and reaches a national audience.

The show topics in Season I range from academic/technology excellence, the significance of love and charity within the school's community, and how the foundation of Catholic education lead to the success of many influential people. Season I culminated with the Foundation receiving the prestigious Telly Award in recognition of the importance of supporting Catholic education.

Since these programs received such positive feedback, we pursued a second season which begins airing at the end of National Catholic Schools Week this year. The themes featured our STAR program, the cultural diversity of our youth coming together for one common goal: a faith-based education, and how Catholic schools are preparing our children for a bright and fulfilling future.

The schools highlighted in each show receive funding from Tomorrow's Hope Foundation as well as families who have benefited from your generosity. The common theme throughout is the steadfast commitment to our mission, "Today's Children are Tomorrow's Hope!"

Many thanks for your tireless largesse.

  
Lewis S. Ranieri  
Chairman of the Board  
Tomorrow's Hope Foundation

# *History and Mission* of Tomorrow's Hope Foundation

**T**he mission of Tomorrow's Hope Foundation is to ensure the excellence as well as the continuance of Catholic elementary schools on Long Island by increasing awareness and by providing scholarship and program funding for the needs of students and schools.

In January 2004, Bishop William F. Murphy and former Superintendent of Schools and current Secretary of Education, Sister Joanne Callahan, became increasingly concerned about the costs and sustainability of Catholic elementary schools on Long Island. They enlisted a committee to study the challenges facing the schools. In answering the call to action to reverse the declining numbers of students in the Catholic elementary schools across Long Island, Tomorrow's Hope Foundation was established in September 2005 as a tax-exempt, non-for-profit public charity. Lewis S. Ranieri was appointed by Bishop Murphy to chair the foundation. As chairman, Mr. Ranieri put together a prominent board of professionals, business leaders and diocesan administration. Over eleven years later, there are 47 thriving elementary schools in our diocese educating more than 17,000 students. Parents seeking tuition assistance for their children now have a place to rely on for support. In it's history the Foundation has provided over \$20 million in scholarship and school aid, and helped thousands of families across Long Island. On behalf of Tomorrow's Hope, we look forward to continuing our service to the community through the generosity of our supporters.

## A Message From the Superintendent

This year will find new and exciting programs in many of our schools and a focus on learning in both the academic core subjects as well as in our faith.

One of our major goals is to continue to support the faith life begun at home and foster a deep desire to learn and grow in the teachings of the church. Through revised religion curricula, professional development opportunities for teachers, active participation in church and community programs, our young people will grow and thrive in an atmosphere of respect, compassion, service, and the message of the Gospel.

Academically, our schools will continue to provide focused instruction in all core subjects while embedding technology, problem solving and inquiry skills throughout all lessons. An increased number of schools are introducing Chromebooks as an instructional tool into everyday class work, STEM programs have gained strength and momentum, and students are gaining experience in a number of social projects, increasing their voice and their abilities to participate in a society that they will someday lead. Our Diocesan High Schools are looking closely at programs and projects that help to promote Catholic apostolic works so that our young people are well equipped to meet the challenges of the world that will both challenge them and support them as they become the doers and shakers of the future.

These are exciting times for our schools! We are fortunate to have talented administrators and teachers who go above and beyond in order to share the information needed for success. Our families are dedicated to the mission of Catholic education and sacrifice much so that both faith and knowledge are an integral part of their children's lives. Our Bishop and priests and consecrated women are supportive and actively involved in the work of education. With a team like that, there can be nothing but success—success for our students, success for the future of our Church!

I welcome each of you to a new academic year where much will be learned and faith, knowledge, and wisdom celebrated.

Thank you in advance for your generosity and commitment to Catholic education. It is a choice that has never ending rewards. Just look into the face of our students!

*Dr. Kathleen Walsh is the Superintendent of Schools of the Diocese of Rockville Centre. Dr. Walsh shares the conviction with Tomorrow's Hope Foundation, that today's children are tomorrow's hope!*

Respectfully,  
Dr. Kathleen Walsh  
Superintendent of Schools  
Diocese of Rockville Centre

# STAR Program

**Be a STAR to a Student, Be a Guiding Light!**

The Student Tuition Assistance Relationship (STAR) Program identifies students in high need of tuition assistance and matches them with a generous donor—a “STAR” who contributes tuition assistance of \$2,000 a year. The current average tuition for Catholic elementary school is roughly \$4,500. Although tuition varies across the Diocese, this program is intended to fund roughly half of the student’s tuition while the parent/guardian is asked to contribute the remainder.

The donor-student relationship is a special one—it consists of correspondence facilitated by Tomorrow’s Hope throughout the school year. This relationship is unique in that the donor can see how their generous contribution directly aids in allowing their STAR student to thrive in Catholic elementary school.

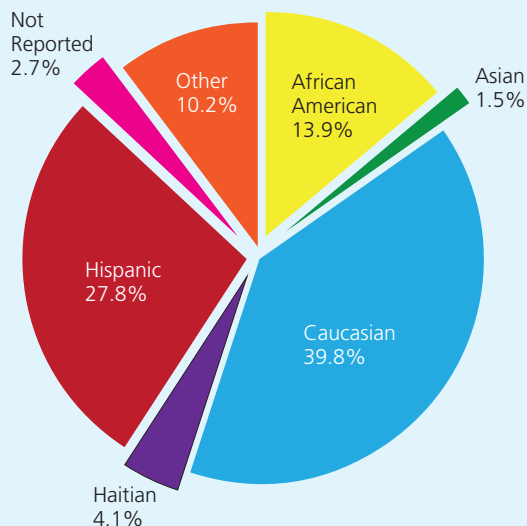

For more information on becoming a STAR to a student, visit us at [www.tomorrowshopefoundation.org](http://www.tomorrowshopefoundation.org)

## The Students We Serve

Tomorrow’s Hope Foundation awards a population of students that is as diverse and rich in culture as the Long Island community we serve. The schools funded by Tomorrow’s Hope are dedicated to celebrating diversity and ensuring that each child, regardless of ethnicity or religious affiliation, receive an outstanding education in a welcoming environment.

**Applicants by Ethnicity**

# Rejoicing in Hope

*A narrative from the Werner Family in their experience with Catholic Education and Tomorrow's Hope Foundation.*

As parents, we always wanted to do the best we could for our children. Part of our desire to help them on their faith journey was to send them to Catholic school where our values and faith would be encouraged and nurtured as it was in our home. We wanted their faith to be a part of their everyday lives—to know God, to love God and to serve God. When our oldest child was five years old, we attended an open house for our local Catholic school. When my husband and I were discussing the possibility of sending her to Kindergarten, we hesitated wondering 'would we be able to afford sending all of our children to Catholic school—could we see it through?'

We couldn't but God could. We took that first step in faith and through prayer and the Tomorrow's Hope Foundation we were able to see all five of our children graduate from Trinity Regional School! It was tough sometimes, a few times we wondered if we could continue because it was a financial sacrifice but God always had our back! The Tomorrow's Hope Foundation was a true answer to prayer and a blessing to our family.

---

## What Other Parents Are Saying . . .

*"Every school year my faithful God always sends us an Angel through Tomorrow's Hope Foundation . . . they gave hope to me and my family and put a huge smile on our faces, especially my children."*

*"I remain optimistic about my boys' futures thanks in a large part to Tomorrow's Hope."*

*"I am truly grateful, and indeed feel very blessed, that my children have had the benefit of a Catholic education thanks to the assistance of Tomorrow's Hope."*

*"Without the help of this foundation we don't think it would be feasible for our daughter to get a good education with the religious backing that her school provides."*

*"We count on Tomorrow's Hope to help our family with the overwhelming amount of money to give our kids a fair chance for a great education."*

## Tomorrow's Hope on *Telecare Televesion*

Last year, in honor of its tenth year of supporting Catholic elementary schools across Long Island, Tomorrow's Hope Foundation teamed up with Telecare, the Uniondale-based, national Catholic television network, to create the "Tomorrow's Hope" series. Hosted by Long Island's own Bernadette Castro, the series was so successful that another complete season was taped and it will begin airing in conjunction with 2017 Catholic Schools Week.

Each program is presented in a lively, half-hour interview format, with other segments filmed remotely, highlighting various schools that are supported by Tomorrow's Hope Foundation. The topics chosen for each season all cover various positive aspects of receiving a Catholic education on Long Island and how the Foundation has played a central role in enabling more than 1,700 children annually be among those privileged students.

Our first season covered themes ranging from a day in the life of a Catholic school student, to sharing life changing experiences due to having a Catholic education, and a look back from some of our more prosperous alumni.

### Season I

- A Day in the Life of a Catholic-School Student
- Academics & Technology
- Faith, Hope and Love: Partnership & Parenting
- Life Changing Experiences
- Longtime Presence
- The Dedication of the Faculty and Staff

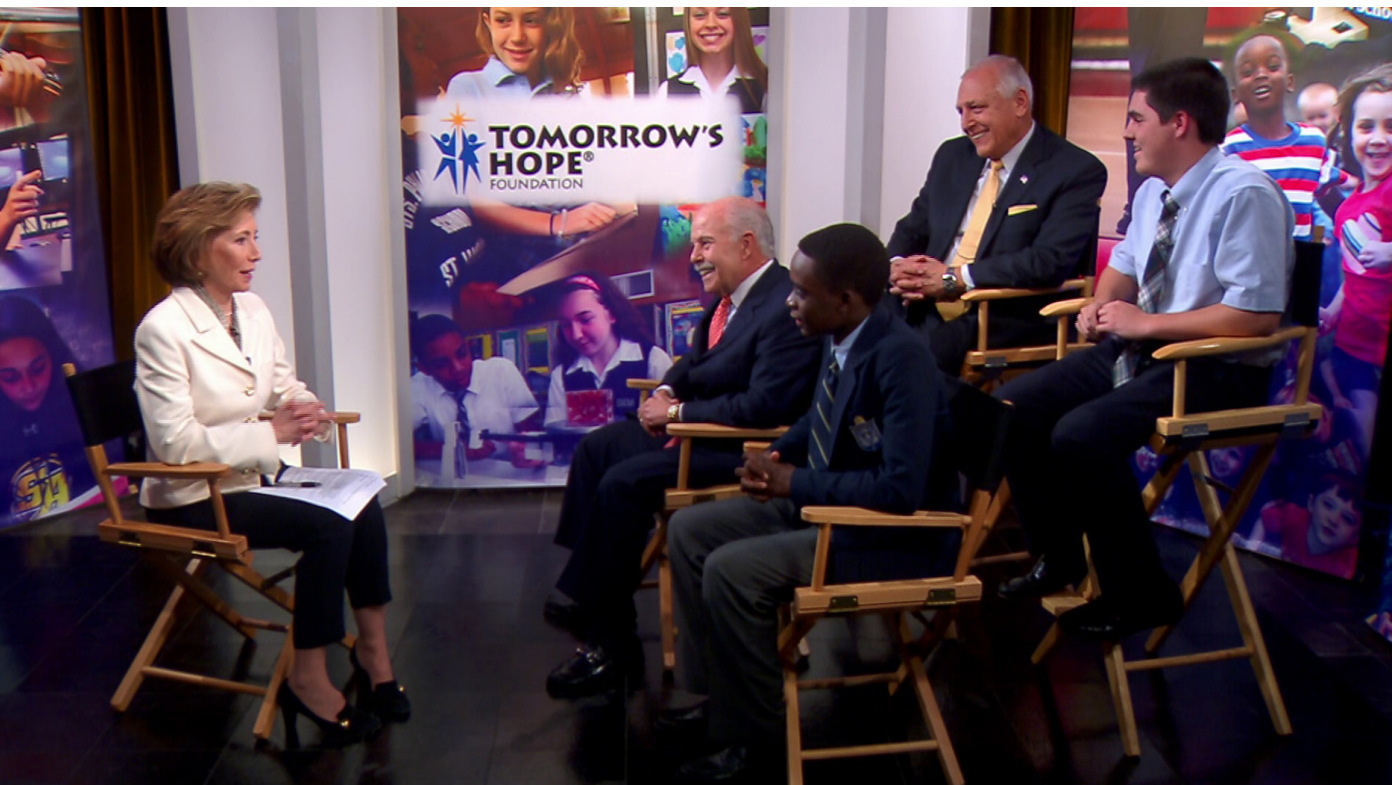

This past season focused more on programs where students and families are assisted by Tomorrow's Hope Foundation, the freedom of celebrating faith in school on a daily basis, and how a Catholic education can guide our children to a stronger, brighter future.

## Season II

- Be a Shining STAR
- Adopt-A-School
- Our Diverse Community
- The Catholic School Difference
- When I Grow Up
- Our Bright Future

A staple in each of the programs, Bernadette Castro interviews the students themselves to gain their perspective on the importance of receiving a Catholic education. Many of the recurring themes throughout the series incorporate the parent's role, as well as that of the teacher's, in helping the students prosper. Likewise, the nurturing, faith-based environment that Catholic schools provide truly does play an essential role in the world today.

In its premiere season, the "Tomorrow's Hope" series received the prestigious Telly Award in recognition of the importance of supporting Catholic education.

On Thursday, May 26 our 11th Annual STARS for *Students Scholarship Gala* celebrated the achievements of our three outstanding honorees; members of the Board; and friends of Tomorrow's Hope Foundation at the beautiful RXR Plaza in Uniondale, NY. This year's honorees included: **Richard Conniff**, Chief Operating Officer, RXR Realty; **Paul & Sherry Durnan**, Founders, The Durnan Group Inc.; **William J. O'Brien**, Board Member, Tomorrow's Hope Foundation.

Our donors and volunteers are the reason Tomorrow's Hope can provide scholarships and school aid to hundreds of children year after year. Your generous donations impact the lives of many and inspire confidence in students all over Long Island. This year we raised over \$1.1 million at our Gala, through sponsorships and donations; journal ads; and a live and silent auction.

Thank you to all who participated at our largest fundraiser of the year, and for your continued support and dedication to our mission.

## Swinging for Scholarships Golf Tournament

Tomorrow's Hope Foundation's 11th Annual Swinging for Scholarships Golf Tournament was held on Tuesday, September 13, 2016. Guests were invited to participate in a full day of golf at the exclusive Piping Rock Club in Locust Valley concluded with a Cocktail Reception, raffle drawing, and an award ceremony.

With 120 golfers at play, the night ended with a 'hole in one' when the Foundation set an event record of Student Tuition Assistance Relationship (STAR) donors totaling nearly \$50,000.

A special thanks to our golf committee, and all who helped in preparing for a perfect day. The event was a tremendous success, exceeding the goal of \$250,000!
